

## MQ Fundamentals of True Wealth™ Planning Virtual Training | June 12-14 & 17-18

---

### About the Training

The MQ Fundamentals of True Wealth™ Planning training is a prerequisite for licensing Money Quotient materials. The training will give you a comprehensive overview of the tools and resources we offer and a clear understanding of the multidisciplinary, research-based approach at the foundation of our process.

Once you complete the training, you will be eligible to license as an MQ Partner. Check out our **MQ Tools At-A-Glance** resource to learn more about our licensing options and the tools/benefits of each.

### Training Schedule

**June 12-14 & 17-18**

**9:00 am - 1:30 pm PT / 12:00 pm - 4:30 pm ET**

(There will be no class on Saturday or Sunday)

#### Daily Agenda:

9:00am-10:30am PT	<b>Session 1</b>
10:30am-10:45am PT	<b>Break</b>
10:45am-12:00pm PT	<b>Session 2</b>
12:00pm-12:15pm PT	<b>Break</b>
12:15pm-1:30pm PT	<b>Session 3</b>

Please clear your calendar for the duration of the training. While the daily schedule is just 4.5 hours of instructional time, the content is rich, and time is needed to absorb the material and rest your mind before reconvening.

*"What could have felt like a long time in front of a computer went by really quickly. The passion and excitement behind the material was also infectious. **The only thing I'd do differently is follow their recommendation to not plan other work that week. I wish I had left myself more time to digest the material and not feel like I was trying to 'catch up' after each day's sessions.**" - Fundamentals Graduate*

Participants will receive access to the MQ Classroom two weeks before the training to complete the required pre-work and introduce themselves to other participants.

You will also receive a training binder shortly before the training begins. Many participants find it helpful to take notes throughout the training and use it as a reference manual once they license.

## Attendee Requirements

We are thoughtful about our processes, and we work hard to create a rich learning experience. These requirements allow us to facilitate the best possible learning environment. Your engagement is crucially important, both for you and the other attendees.

- Complete the assigned pre-work.
- Participate in a "tech walk-through."
- Show up 10 minutes before the live stream of each day.
- We require the use of webcams throughout the training.
- Return from breaks promptly. You'll be working very closely with a partner during the training, and your absence will affect your partner's experience as well as your own.
- Remove all distractions (phone alerts, email notifications, etc.)
- Be present and engaged in the entirety of the training.
- Compliance with these requirements will earn participants 24 CFP® CE Credits.

*"Hands down, this is the best online training I've ever participated in. I felt very engaged throughout the week and the structure, delivery, and pacing of the material was well designed. Also, the combination of large and small group discussion along with paired partner work really help me digest the material from multiple perspectives." - Fundamentals Graduate*
